Petition to Revive Unintentionally Abandoned Application
under 37 C.F.R. §1.137(b)

Attention: Office of Petitions
Mail Stop PETITIONS
Commissioner for Patents
Post Office Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants hereby submit this Petition to Revive Unintentionally Abandoned Application under 37 C.F.R. §1.137(b) responsive to the Decision on Petition Under 37 C.F.R.

§1.137(a)—Copy Date Mailed: February 13, 2008.

U.S.P.T.O. form PTO/SB/64 Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR 1.137(b), the appropriate fee via Fee Transmittal and Amendment B are herewith filed. Reconsideration is respectfully requested.

Applicants' Attorney, David H. Sitrick, wishes to thank Senior Petitions Attorney Christina Tatera Donnell for the teleconference regarding the above-referenced application on April 3, 2008. Attorney Donnell explained that a Petition to Revive Unintentionally Abandoned

Application under 37 C.F.R. §1.137(b) for the above-referenced application will provide Applicants with the most expeditious desired result.

Applicants had previously submitted a Petition to Revive Unavoidably Abandoned Application on under 37 C.F.R. §1.137(a) on January 17, 2006 and a Renewed Petition to Revive Unavoidably Abandoned Application on under 37 C.F.R. §1.137(a) on March 26, 2007; both of which were dismissed. Applicants respectfully submit that the two previous dismissals were improper. The previously submitted petitions should have resulted in revival of the above-referenced patent application. However, pursuant to the Senior Petitions Attorney's recommendation, Applicants are filing this Petition to Revive Unintentionally Abandoned Application under 37 C.F.R. §1.137(b).

The Final Office Action—Date Mailed: December 03, 2003, Paper No. 6, for which a response was due March 03, 2004 by a shortened statutory period for reply set to expire three months from the mailing date of the Office Action, required correction of inventorship for the present application's parent application: 09/120,636, filed July 22, 1998—now issued patent number: 6,272,131, issued August 7, 2001. Petitions for Correction of Inventorship in Patent 6,272,131 on were filed June 3, 2004. The U.S.P.T.O. did not grant said Petitions for Correction of Inventorship until December 30, 2005. Over eighteen months elapsed from the date that said Petitions were filed until the Office issued the decision granting correction of inventorship. A copy of the Decision Granting Petition is herewith attached as exhibit A.

It took over eighteen months for the Office to grant said Petitions of Inventorship. The Decision Granting Petition was required in order to be responsive to the then outstanding Final Office Action. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to this paragraph was unintentional.

It is thus respectfully submitted by this Petition to Revive Unintentionally Abandoned Application under 37 C.F.R. §1.137(b) and by Amendment B herewith concurrently filed and fully providing the reply required for the outstanding Final Office Action, all bases of objection and rejection have been traversed and overcome; the Application should be revived; and the Final Rejection is improper, traversed, overcome and should be withdrawn. Applicants respectfully submit that the application, including the specification description, claims and drawings are in proper form for allowance. Applicants respectfully request reconsideration and a Notice of Allowance or Notice of Allowability.
